SUMMARY

Ambitious and driven Computer Science student with a passion for technology and a strong foundation in programming. Proficient in C++, Python, and Java. Eager to leverage academic knowledge and practical skills to contribute to projects and collaborative teams. Strong problem-solving abilities and a commitment to continuous learning and professional growth.

EDUCATION

Master of Science in Computer Science

Graduation Anticipated May 2026

Charleston Southern University | Charleston, SC

Relevant Coursework: Advanced Operating Systems, Distributed Database Systems, Advanced Topics in Network Security

Bachelor of Science in Computer Science

December 2024

Charleston Southern University | Charleston, SC

GPA 3.52

Relevant Coursework: Procedural Programming, Survey of Scripting Languages, Object-Oriented Programming, Data Structure Analysis, Computer Architecture, Operating Systems, User-Interface Programming, Ethical Hacking, Database Management, Applied Networking, Algorithms, Systems Analysis & Software Design

SKILLS

- Proficient in C++, Python, Java
- Object-Oriented Design Principles
- Networking Fundamentals
- User Interface Design Principles
- Cybersecurity Basics
- SQL Basics
- Familiar with Git

EXPERIENCE

AI Training

Outlier | Remote

December 2024 – Present

- Review and correct code generated by AI models
- Craft and answer questions related to computer science to improve AI model capabilities
- Evaluate and rank code generated by AI models to enhance their accuracy and quality

NCAA Division I Student-Athlete

Charleston Southern University | Charleston, SC

August 2021 – Present

- Participated in daily team meetings
- Provided training plans for myself
- Practiced efficient time management skills
